Education

Ph.D. in Computer Science Nov. 2024 – Curr.

University of Athens, Dept. of Informatics and Telecommunications

- Research interests: Reasoning in LLMs and Neural Networks theory
- Supervisor: Christos Tzamos
- Publications: **NeurIPS** (1), **ICLR** (1); 2 additional papers under review at **ICLR**.
- Total 9-month research visit at MIT

M.Sc. in Statistical Science Oct. 2020 – Sep. 2021

University of Oxford, Dept. of Statistics, Lincoln College

- Thesis: *Authorship Attribution in Ancient Greek Texts*
- Supervisors: Yannis Assael, Yorgos Deligiannidis, and Thea Sommerschield
- Grade: **Merit**

B.Sc. in Mathematics Sep. 2016 – Aug. 2020

University of Patras, Dept. of Mathematics

- Thesis: *Mathematical Techniques in Data Science and Machine Learning* – Grade: **10.00/10.00**
- Supervisor: Michael N. Vrahatis
- Grade: **8.90/10.00** (Distinction), equivalent to first-class honors (**top 1%**)

Experience

Ph.D. Researcher Jul. 2024 – Curr.

Athena Research Center, Archimedes Unit

- Conducting theory-based research on reasoning in Transformer models and Neural Networks theory
- Supervisor: Christos Tzamos

Visiting Researcher Feb. 2027 – May 2027

MIT, Computer Science and Artificial Intelligence Laboratory Mar. 2026 – May 2026

- Investigating reliability and robustness in generative models
- Supervisor: Constantinos Daskalakis

Research Assistant Apr. 2024 – Jun. 2024

Technical University of Denmark, Dept. of Applied Mathematics and Computer Science

- Explored Deep Learning theory via Riemannian geometry
- Supervisor: Georgios Arvanitidis

Research Assistant Apr. 2023 – Dec. 2023

Czech Technical University in Prague, Faculty of Electrical Engineering

- Focused on the Mini-batch Stochastic Subgradient Projection method
- Supervisors: Vyacheslav Kungurtsev, Jakub Mareček

Research Assistant Apr. 2022 – Mar. 2024

Athena Research Center, Institute for the Management of Information Systems

- Researched the interface of NLP, Privacy, and Security tasks using LLMs
- Supervisor: Constantinos Patsakis

Research Assistant Oct. 2021 – Mar. 2022

Max Planck Institute for Mathematics in the Sciences

- Worked on authorship attribution focusing on Plutarch's texts using LLMs
- Supervisors: Ivan P. Yamshchikov, Jürgen Jost

Honors & Awards

Full 4-Year Ph.D. Scholarship Jul. 2024 – Curr.
Athena Research Center, Archimedes Unit
- Competitive doctoral fellowship awarded based on academic excellence and research potential

Visiting Research Grant Jan. 2027 – Jun. 2027
Bodossaki Foundation
- Funded research visit in the US, collaborating with MIT and Harvard researchers

Gold Reviewer Award May 2026
International Conference on Machine Learning
- Recognized for exceptional peer-review quality and service; included complimentary conference registration

Research Infrastructure Grant Dec. 2024 – May 2026
Greek Research & Technology Network
- Granted access to national high-performance computing infrastructure to support doctoral research

Full Master's Scholarship Oct. 2020 – Aug. 2021
Bodossaki Foundation
- Awarded for outstanding undergraduate academic performance to pursue a highly competitive master's program

COVID-19 Assistance Fund Jun. 2021
University of Oxford, Lincoln College
- Received financial support through a competitive student assistance program during the pandemic

Vivian Green Student Assistance Scholarship Feb. 2021
University of Oxford, Lincoln College
- Awarded in recognition of academic progress during master's studies

Full 4-Year Undergraduate Scholarship Sep. 2016 – Sep. 2020
Greek State Scholarships Foundation
- Scholarship awarded annually on the basis of academic excellence throughout undergraduate studies

Consistently Ranked in the Top 1% of Cohort Sep. 2016 – Aug. 2020
University of Patras, Dept. of Mathematics
- Maintained a top 1% class ranking throughout the entire bachelor's program

Ranked 2nd Among Admitted Students Sep. 2016
University of Patras, Dept. of Mathematics
- Placed 2nd among all students admitted to the Mathematics undergraduate program

Talks & Service

Talks – *Transformer Reasoning*: Greek Stochastics π' Conference (Oral Presentation), Harvard University, Northeastern University, Boston University, MIT, HSBC *2025 – 2026*

Reviewing: NeurIPS, ICLR, ICML, TMLR, AAAI *2024 – Curr.*

Teaching Assistant – *University of Athens, Dept. of Informatics and Telecommunications*: Computational Learning Theory, Artificial Intelligence II - Deep Learning for NLP *Fall 2025*

Volunteer – *Athena Research Center, Archimedes Unit* *Sep. 2025 – Curr.*
Committee member for Greece's National AI Competition; preparing students for European and International Olympiads.
